

Hello, my name is **Adil Rahoo** and I'm a Pakistani student studying Business and Management.

I am running for president in GCU and the reason why I've decided to run is because **I believe the growing diverse environment of the world requires GCU to have a strong representation that advocates for students of all ethnicities, gender and vulnerable groups.**

What differentiates me from all other candidates is that **I am a seasoned politician** who lead a victorious election campaign for a candidate that resulted in their appointment as the new Minister of Agriculture in Pakistan. <http://bit.ly/rahooelect>

In GCU, I have been awarded **The Common Good Award** and currently serve as the **International Students' Officer** as well as the **Ethical and Environmental Officer**. I have **represented GCU at the IBM's competition** in Edinburgh and in the **10th USLS in Kuala Lumpur hosted by the Government of Malaysia**. Furthermore, I have been certified as a **Carbon Literacy Trainer** by the Nottingham University along with around **20 more achievements** mentioned in my CV: <http://bit.ly/3bCX5Yd>

If elected, I will campaign on the following things:

- **A re-update of the GCU-Learn interface** for an efficient access throughout all devices.
- Pushing for partnerships to support GCU students to participate in international events, representing the university and **increasing employability opportunities.**
- Targeting to implement **HEAR** for recorded student achievements to boost employability.
- **Enforcing accountability** for all Liberation/Representation Officers. Measured through student engagement and satisfaction.
- Increased **support for international students** through evolving language development services and creating social opportunities.
- Increasing **support offered to the LDC** to target more students with a more efficient service to enhance overall student grades.

So, make sure you remember to go out and vote for a change. **#VoteforAdil** as **your first preference candidate.** [**CLICK HERE TO VOTE NOW**](#)
