Ewan Bally
Leila Rabelo, GCU Sustainability
Susan Docherty

Apologies:

Paulo Cruz, GCU Sustainability

Present:

Sara MacLean, Student Voice Team Leader (Clerk)

1. Apologies

As detailed above

2. Minutes from previous meeting

None

3. Actions from previous meeting

None

4. Green Impact Update

For green impact, a campaign needs to be documented. There was discussion around possible campaigns including ones that are currently running such as Go Green Week and Fashion Detox. Further discussion about how different areas of the Students Association are/can be involved (Plogging society, sport club clean up similar to plogging – surf, kayak/canoe club) in these campaigns.

Possible new campaigns include a reuse workshop (bottle wall planters) and Earth Hour 2019 (March 30th). A social in international week and a movie night in February on fast fashion was also discussed.

As part of green impact, a survey (knowledge gathering) activity needs to be carried out. There was discussion of running the wee green survey again but the group would prefer to do an in person survey activity run through a stall in campus life centre. The topic of the survey will be on take away waste from the catering outlet as this is something that is of concern. The stall would also help raise awareness of the group and provide literature on past campaigns.

5. AOCB

None

Next Meeting: Wed 13 February
