Manifesto

NUS UK Delegate Elections 2019/20

I would like to be a delegate for NUS Conference as I am a committed volunteer within the Students' Association.

- As one of the Ethical and Environmental Officers at GCU, I will push for strong policy in regard to the climate crisis that we are currently facing.
- I will fight against a no-deal Brexit.
- I will fight for free Wednesday afternoons to be compulsory across all universities allowing students to take part in sports clubs, media groups and society events, thus ensuring that students have a great experience at university.
- I will fight for more funding for extra-curricular activities- e.g. media groups, societies and sports clubs to ensure that students have a great experience at university.
- I will fight against rising rent prices and poor living conditions that students face in private halls.
- I will ensure that the views of all students at GCU will be represented.
- This would be my third year at conference so I would be well aware of the correct processes to follow, thus ensuring I would represent GCU Students in a positive manner and improve the student experience.
