

MANIFESTO FOR FULL-TIME OFFICER ELECTION

My name is Priscilla Opeyemi Otuagoma, a Master's student in International Human Resource Management. I am running for the Full-time Officer position and I need your support.

In my previous experience as a Class Governor (undergraduate) and as an Assistant Secretary (of a 5,000+ membership group) while I was serving my nation (Nigeria) as a Youth Corps member, my resolve has always been the same – eliminate oppression, foster unity and ensure everyone has a voice that is heard.

If I am elected, I will:

- **Develop a system of online activities and social media presence**
 - It's important that we keep the "GCU Community" alive online through scheduled events (such as Mental Health Improvements sessions, Online Movie Time, Online Get Together, etc.)
- **Solicit for more "hardship" funds and palliatives**
 - Some students have financial difficulties so I will work with the university authorities and funding sources to provide more to the existing hardship funds that will be well accessible to those who need them.
- **Propose for reduction of school fees during online studies**
 - Liaising with the school administration; Most students study and from home as opposed to physical learning pre-Covid. International students especially should not be made to pay as much as they were paying since studies are now online.
- **Propose for reduction in GCU student accommodation fees**
 - Negotiating for a reduction in the accommodation fee because the cost of the student accommodation has little or no difference from the private accommodations.
- **A better reward for excellence**
 - I will liaise with the management to pay attention to sound academic performance by clamoring for increment in the reward given to the best graduating students.

Please remember to vote for Priscilla Opeyemi Otuagoma (Pressy) between 1st – 4th of March by visiting www.gcustudents.co.uk/votes

Thank You.
