1. Name

'Radio Caley' is the name of GCU's student radio station. The station is run by student volunteers and all volunteers are supported by a dedicated Glasgow Caledonian University Students' Association staff member and Full Time Officer policy lead for student media. The Radio Committee stands by the brand, 'Radio Caley'. If it is agreed that the name should change, it can be modified after an all station meeting, followed by approval from Student Voice. Logos can also only be modified if the committee and the majority of the Official volunteers have agreed on new design, following approval from Student Voice. Colour and Scale can be changed if agreed by the committee.

2. Purpose & Values

- 2.1 To provide a radio station that benefits Glasgow Caledonian University students, developing the university community and enhances the student learning experience.
- 2.2 Radio Station is a student radio service designed for students and produced by students.
- 2.3 It will provide its audience with coverage of relevant news and events along with information, entertainment and features of interest to students. This balanced chronicle of the times and achievements for each passing academic year is to ensure the efforts of students and staff are never forgotten and instead act as examples of inspiration for future innovation.
- 2.4 The radio station will adhere to licensing and broadcasting regulations.

3. Objectives

- 3.1 The radio station will support and develop its contributing volunteers through training and by organising social opportunities for volunteers.
- 3.2 The radio station will be one of the Students' Association's main communication tools.
- 3.3 The radio station ensures that there is a wide variety of courses represented within the station, where committee roles reflect specific skills that the wider student body possess.
- 3.4 The radio station has a responsibility to ensure there is no forced playlisting. Presenters and the volunteers have the creative freedom to play and listen to what they choose while they are a part of 'Radio Caley' within reason (see Radio Caley Code of Conduct).
- 3.5 The radio station has a responsibility to be a student development Radio station. 'Radio Caley' continues to enhance the student experience and continues to develop often important career skills that do benefit our volunteers throughout their time at university and beyond into their future lives. The station's most important goal is to continue and encourage the personal growth of the station's volunteers.
- 3.6 'Radio Caley' has a responsibility to keep the station engaged and up-to-date with sector practices.
- 3.7 The student radio station will always be free to register for all those who want to put as much time into the station as they feel comfortable with.

4. Students' Association Rights

- 4.2 The right, on behalf of its student membership, to expect truth, accuracy and objectivity in reporting.

- 4.3 The right to ensure that the radio station does not produce material that contravenes Students' Association policy, in particular the Equality & Diversity Policy.
- 4.4 The right to have Students' Association events and entertainment promoted.
- 4.5 The right to include advice, representation, sports, societies and activities information, where relevant
- 4.6 The Students' Association has a right to protect the staff of the Association and to expect respect for the agreement over staff protocol.
- 4.7 The Students' Association has a right to expect student media to respect the laws governing the media, especially defamation, obscene publications and contempt for court laws. Failure, on the part of the radio station, to comply with these laws could result in serious financial and legal consequences for the Students' Association and financial implications for other services provided for its membership. The Students' Association therefore has a right to protect itself from these implications and to assert the right of publication on legal advice.
