ELECT SEVIL WEAVER FOR FULL TIME OFFICER

ABOUT ME

I am a direct entry to year 2 of BSc Computer Games Design and am currently in my last year of study. As an active student, I gained an understanding of the student experience at GCU and I am stepping forward to ensure that our voices as students is heard and bring about positive changes to our campus.

MANIFESTO POINTS

#EVERAFTER:

From finances to friendships to figuring out your next steps, there will be a lot of problems you will encounter as a young person.

Working with GCU and local businesses, I will create a special unit that students can get in touch (anonymously or otherwise) with to address all the problems that you face as a student and as a future graduate, so that you can handle them better by helping you gain new counsel, business connections and opportunities. Adjacently, I will create a podcast that will collate all the questions and answers for better accessibility for students to listen at their own leisure.

EQUIPMENT HIRE:

Due to COVID-19, there are students who have been deprived of access to laptops, cameras, microphones etc. for their modules and assignments.

To combat this, I will be looking to set up a secure online booking system where students can hire out equipment, check the items availability online, and enter themselves onto the waitlist and notification of availability. I know the difficulty of being asked to do the impossible task of building a VR Game with no VR equipment.

BETTER ACCESS TO LIBRARY RESOURCES:

With a student population of nearly 17,000 strong and an ever-extending reading list in your modules, accessing library materials in time for your assignments can be an additional stressor alongside studying.

This shouldn't be an issue students need to worry about, especially with these unprecedented times. Where possible, I will work with the University to expand our online library to hugely increase availability of University resources.

My experience as a student in these ever-evolving times, my relationship with university leadership and a firm connection to national movements will make me your best choice!

If you care about your life as a student here at Glasgow Caledonia University, then I call you to action, **VOTE Sevil Weaver** No.1 for FULL-TIME OFFICER.
