

Susan Docherty

Manifesto

NUS Delegate Elections 2019/20

Since becoming a Full Time Student Officer I have been working tirelessly towards the academic interests of the students at GCU. This includes; a student mental health agreement with the university and an increase in mental health support and provisions and also working towards funding for peer to peer support for mental health issues.

I ask you to vote for me so I can represent GCU students at the NUS National Conference and advocate on your behalf accurately so your voice is heard.

I aim to represent your views and vote appropriately to reflect these views.

I will also feedback to you anything of interest from the NUS National Conference as well as key messages and campaigns that other universities are working on and Student Officer contacts from these institutions to support us in all standing together.

Vote for me Vote Suzi Dee
