

Susan Docherty

## Manifesto

### NUS UK Delegate Elections 2019/20

Since becoming a Full Time Student Officer I have been working tirelessly towards the academic interests of the students at GCU. This includes; a student mental health agreement with the university and an increase in mental health support and provisions and also working towards funding for peer to peer support for mental health issues.

I ask you to vote for me so I can represent GCU students at the NUS National Conference and advocate on your behalf accurately so your voice is heard.

I aim to represent your views and vote appropriately to reflect these views.
