

Student Voice Officer Reports

for non-FTO Student Voice Officers

Name

David Grimm

Role

Care experienced officer

What meetings/activities have you been doing since you last report at Student Voice (or starting role)?

My role has been limited due to being on placement but I have been in contact with relevant parties to try and find a new officer for next year.

What student issues have you been working on or would like the Students' Association to know about?

Very basic but mainly I've been working on making a care experienced presence be felt on campus

What are your upcoming plans as Officer/Department Rep/Activities Chair/Media Manager?

To find a new officer. To help them engage with the care experienced body.

Name Vitalina Matuseva

Role Management Department Rep

What meetings/activities have you been doing since you last report at Student Voice (or starting role)?

I have attended two school board meetings and a programme board meeting. I am actively gathering student feedback for the Student Partnership Forum and preparing for the Student Voice Meeting.

What student issues have you been working on or would like the Students' Association to know about?

The students have not highlighted any significant issues during this current trimester. During the programme board meeting, I ensured the supply chain management students' perspectives were heard on the topic regarding the suspension of the Supply Chain Management programme. I ensured they received clarification that the outcome would not affect the current students. Some of the students have also highlighted their concerns over the learning development support, as it doesn't provide the required support. Additionally, some students have raised concerns about receiving feedback from the assessments. The feedback seems to be too vague and does not detail specifically how the student can improve to achieve a higher grade.

What are your upcoming plans as Officer/Department Rep/Activities Chair/Media Manager?

I am looking to volunteer to help staff with promotional pop-up stalls around the campus and hand out leaflets around the campus to promote the Teaching Awards campaign. Also, I am currently trying to engage with the other class reps within the management department to complete the online Teaching Awards Campaign Lecture Shout-out Pledge.
