Active Societies will be those that have:

- Been approved by the Societies Council through the Society Starter Process, outlined in 5.0 (and ratified by Student Voice via Societies Council minutes).
- All new committee members take part in mandatory volunteer training
- Held annual committee elections to elect a minimum of three committee members (but one specifically tasked with being in charge of finance) by the end of Week 7 in Trimester 2.

- Active societies can add extra committee members over the summer when filling out the society pack if required. Any committee members added after the pack is submitted must be done with the guidance of the Societies Coordinator.

2.1 Registration Process

- Active societies are those that have been activated by Societies Council and have reregistered by the end of week 7 of trimester 2.
- Registration forms will be sent out to active societies, the deadline will be the end of week 7 Trimester 2 for societies to register for activation for the upcoming academic year.
- A society that does not register by the deadline will have to go through the starter process to become activated

3.0 Refusal of Activation

- If the Societies Council declines a Starter Society for activation, the Starter Society can appeal the decision.
- Reasons for refusal of activation will be either due to either equality and diversity issues or due to there being another active society with similar aims.
- The Societies Council will provide feedback, and the Starter Society will have to resubmit their revised Starter Pack to the Council to make another decision regarding activation.
- If the Societies Council declines the activation after the appeal, the Starter Society can appeal to the Student Voice for activation.
- The Student Voice has the final decision, and this cannot be appealed.

4.0 Withdrawal of Activation/Deactivation

- If an active society fails to abide by the rules laid down by the Students' Association constitution and financial regulations, then its activation can be withdrawn by a vote of the Societies Council.
- A society will be deactivated if they do not register by week 7 Trimester 2

- A society can request to be deactivated if they do not wish to continue.
- If a society has registered by the deadline in Trimester 2 but has not returned a society pack by the deadline of Trimester 1 they will be deactivated and have to go through the starter process for reactivation.

5.0 Starter Societies

- Have made initial contact with the Students' Association staff and collected a 'Starter Pack'.
- Have held a meeting to decide objectives and have elected at least 3 committee members.
- Submit at least 10 completed membership forms.
- Submit a 'Starter Pack' with constitution, committee and activity plan to Societies Council. It is strongly advised that they include a finance plan with this.

- Once the Society has been Ratified by Student Voice they will receive their funding approved by the Societies Council.

A Starter Society will be offered a mentor from Societies Council.

A Starter Society can operate as normal until the Student Voice votes. This status can be granted by a GCU Students' Association staff member with approval by Societies Council

5.1 GCU London Societies

The activation process is the same as that of the Glasgow societies.

GCU London can set up societies that are already affiliated at GCU Glasgow as the distance causes joining issues. The separation between London and Glasgow societies are key to including GCU London and encouraging the students to engage with the Students' Association.

6.0 Joining and Membership Fees

- It is optional as to whether a membership fee is charged by societies.
- If a society chooses to have a membership fee, the minimum fee to be charged per member is £1.
- Societies must make a decision on their membership fee at the beginning of each academic year and should carefully consider their plans and finance when doing so.
- Societies are not permitted to have one-off special reduction in membership fees, for example during Freshers' week.

- All committee members of a society must complete volunteer training through the Students' Association and every society must have a one to one meeting with a Students' Association staff member

9.0 Committees and Election

- Committee posts run from April to April. The committee will hold an annual election in Trimester 2 and register with the Students' Association for the coming year no later than week 7 of Trimester 2.

- All Affiliated societies are to be Student led so GCU Alumni or Staff cannot be on the committee or vote in the committee elections.
- If a student is Graduating they cannot sit on the incoming committee. This includes Summer Graduation and Winter Graduation during Trimester A of the upcoming academic year.

Elections are facilitated by each society and only registered Student members of the group are eligible to stand for committee positions or to vote for the new committee, optional online elections are available on request.

9.1 Committee Handover

- The handover following election of new committee members will be the responsibility of the outgoing committee members.
- There will be a handover and planning meeting at the end of each academic year which both outgoing and new committee members should attend in order to complete the handover, review the year's progress and set new targets for the year ahead.
- Outgoing committee will ensure that all relevant society equipment is labelled and stored appropriately in the society's cupboards for the use of the incoming committee.

- Any excess of funds raised via membership or fundraising remaining in the accounts of a society at the end of the financial year will be automatically carried over to the next year.
- Any debt remaining in the accounts of a society at the end of the financial year will be automatically carried over to the next year.

11.0 Societies Funding

The Students' Association will provide funding to support the activities of Societies; the funding is split into the three areas listed below

- Societies Funding League: 70%
- New Societies Fund: 15%
- Dragon's Den: 10%
- Society of The Month 5%

Societies Funding League

The Societies Funding League is the main source of funding for Societies each year. At the end of Trimester 2, each society is scored in the following categories and in the order of weighting listed below.

Societies are listed in a league table depending on whether they have completed a category and funding is increased the higher up the league a Society is. The league is split into the groups listed below and the individual amount payable to a society in each group is agreed at the first Societies Council of the academic year, payment to each society is made following this meeting.

Society of The month

There will be a standard amount that is given to one society each month running from September- April. This will be for the society who has had the largest increase in members over the past month.

12.0 Society Awards

13.0 Societies Ball Policy

This clause applies to any society who plans to organise a formal, large-scale event.

It is strongly advised that a society should not enter a contractual agreement with a facility that requires minimum numbers in advance of the event and has payment in connection to the agreed numbers. Societies cannot sign-up to minimum numbers without seeking permission of the Students' Association.

All society committees are required to follow the below terms:

- The committee must declare intent to host an end of year event to GCU Students' Association within a reasonable timescale to allow the event to be effectively coordinated.
- The committee must meet with a staff member having completed the required financial spreadsheet and have the event signed off by a staff member. The committee should read and take on board the Society Event Checklist provided by GCU Students' Association.
- All financial transactions should take place via the society bank account. Financial risk should be a key consideration for the committee and a committee member should be named as the financial lead. The society should not put the Students' Association at financial risk. The society is required to have the funds available in their account before all transactions.
- In the instance of unavoidable minimum numbers, the event contract will need to be signed by both GCU Students' Association's Chief Executive and the Student President, resulting in the Students' Association taking financial liability for the event. If the society does not comply with this policy, financial risk could lie with the individual organisers.
- Potential for clashing with dates on the GCU and GCU Students' Association calendars must be taken into account by the society.
